

# SWEKSHA SINGH

BTech CSE (AI & ML) Student | Aspiring Software Engineer

■ Pune, Maharashtra   ✉ isingsweksha@gmail.com   ☎ 9369152735

■ GitHub   ■ LinkedIn

## SUMMARY

---

Passionate first-year Computer Science student focused on building modern web applications and scalable user experiences. Skilled in React.js, JavaScript, and frontend development with strong interest in AI-powered products, software engineering, and problem solving.

## EDUCATION

---

**Newton School of Technology, Pune**

BTech in Computer Science Engineering (AI & ML) | 2025 – Present

## TECHNICAL SKILLS

---

**Languages:** JavaScript, Python, C++, HTML, CSS

**Frontend:** React.js, Tailwind CSS

**Backend / Tools:** Node.js, Git, GitHub, Vercel

**Core CS:** Data Structures & Algorithms, OOPs, Problem Solving

## PROJECTS

---

**Velora — Instagram Clone** | GitHub | Live Demo

*React.js, Tailwind CSS, JavaScript*

- Built a modern Instagram-inspired social media frontend using React.
- Implemented responsive UI, stories/posts layout, and interactive components.
- Designed sleek mobile-friendly interface with reusable React components.

**AI Fake News Detector — CREDIFY** | GitHub | Live Demo

*Python, Machine Learning, React*

- Developed an AI-powered fake news detection project focused on misinformation analysis.
- Designed intuitive credibility workflow and clean information presentation.
- Focused on usability and responsive frontend experience.

**Movie Watchlist App** | GitHub | Live Demo

*React.js, JavaScript, CSS*

- Built a responsive movie watchlist application with search and save functionality.
- Implemented clean UI and dynamic rendering using React.
- Added reusable components and responsive layouts.

## ACHIEVEMENTS

---

- Selected for GSSoC 2026.
- Consistently solving DSA problems.
- Actively preparing for ICPC and software engineering interviews.
